PROFESSIONAL EXPERIENCE

ROCKWOOL Building Materials (Singapore) Pte Ltd

Country Manager (Jan 2026-Present)

- Develop strategic growth options for the business, targeting high-growth market segments.
- Grow and expand market share across industrial and building insulation, fire protection and insulation accessories.

ROCKWOOL Khai Hoan JSC, Vietnam

Director (Sep 2024-Dec 2025)

- Took over and operate the company immediately following the acquisition, covering manufacturing operations in Long An, a sales office in Ho Chi Minh City and a warehouse in Hanoi, with a total of 130 employees.
- Doubled sales within 12 months post-acquisition.
- Built a new management team, integrated acquired local employees and set growth strategies across all functional teams.

ROCKWOOL Building Materials (Singapore) Pte Ltd

Business Development Manager (Feb 2020-Aug 2024)

- Led Singapore Marketing and regional business development for insulated sandwich panel products, developing regional strategic growth plans and driving implementation with local business units.
- Drove Singapore business growth through digital marketing, promotions and new product launches, including the 2023 launch of agriculture substrate and fire protection products.
- Led the M&A of local SMEs Bestofire and Thermal Pte Ltd in 2020, managing post-acquisition negotiation, legal transfer, government approvals, employee onboarding, systems integration and stock transfer.

ROCKWOOL Building Materials (Singapore) Pte Ltd

Marketing & Operations Manager (Jan 2019-Jan 2020)

- Led Singapore Marketing and Supply Chain operations, covering technical marketing, specification, customer service and operations.
- Implemented digital tools including the SAP pricing module, e-shop and customer loyalty app.
- Launched new trading products and consistently sourced alternative OEM vendors.
- Managed daily pre-sales activities, office administration, customer service and logistics operations.

ROCKWOOL Building Materials (Singapore) Pte Ltd

Commercial Excellence Manager (Jan 2017-Dec 2018)

- Developed the Asia pricing structure with pricing consultants and implemented it across Singapore, Malaysia, Thailand and India, integrating the structure into SAP.
- Implemented CRM (Microsoft Dynamics) across all business units.
- Drove Sales Force Effectiveness and introduced an Inside Sales function across business units.
- Led the regional team on market intelligence, specification sales and public affairs for Asia.

ROCKWOOL Building Materials (Singapore) Pte Ltd

Head of Product Marketing (June 2014-Jan 2017)

- Drove new product development and managed the product portfolio for Asia.
- Developed product and go-to-market strategies to secure company growth targets, regularly reviewing market conditions to keep the portfolio aligned with market requirements.
- Developed the regional pricing structure, covering both product and service pricing.
- Led the Singapore business team in shaping Singapore business strategy.

ROCKWOOL Building Materials (Singapore) Pte Ltd

Head of Technical Services (Oct 2010-June 2014)

- Built a 12-person Asia technical team across China and South Asia, delivering on-site and off-site technical support from pre-sales through post-sales.
- Developed a structured regional technical training program covering product application, thermal performance, condensation, acoustics and fire.
- Developed new insulation products for Asia markets, including flat roof, ETICS and passive fire protection systems.

ROXUL Asia Sdn Bhd, Singapore Representative Office

Technical Sales Support Manager (July 2008-Oct 2010)

- Supported Asia Pacific technical activities across design proposals, application and testing, specialising in acoustics, thermal calculations, condensation, construction detailing, partitions, roofing insulation and sandwich panels.
- Drove product development activities.

ROXUL Asia Sdn Bhd, Singapore Representative Office

Key Account Manager (Mar 2006-June 2008)

- Managed key accounts for channel sales through distributors, resellers and contractors.
- Ensured maximum penetration and awareness in the Singapore market through print media and seminars.
- Conducted pre-sales project specifications, consultant visits, daily sales operations and marketing activities.

Project Building Certifiers Pty Ltd, Australia

Assistant Building Certifier & Surveyor (Jan 2004-Nov 2005)

- Assessed and approved construction for building developments against building codes and regulations, issuing building permits and statutory completion certificates.
- Conducted site inspections for building compliance approval, prepared property status reports and provided technical consultation to government and private-sector clients.
- Worked on the Alice Springs hospital fire compliance project, along with various schools, commercial and residential projects across the Northern Territory, Australia.

Tew Kim Thai Construction Pte Ltd, Singapore

Site & Safety Supervisor (Nov 2001-June 2002)

- Supervised general and structural works for the Land Transport Authority (LTA) underground project between CityLink Mall and Esplanade.
- Reported to LTA on progress and served as Registered Safety Officer for safety matters.

- Managed daily work scheduling, manpower allocation and site progress.
- Liaised with workers and sub-contractors on structural, architectural and M&E works.
